Warranty

Congratulations on your purchase of one of the world's finest folding umbrellas. Your umbrella has been designed and manufactured in Australia using quality Australian workmanship and materials and should give you untroubled performance for many years. Please take the time to read the warranty conditions and recommendations for use of your umbrella.

Warranty extent and claims

Your umbrella frame carries an unlimited warranty for five (5) years and the fabric cover for three (3) years. These terms all extend from the date of purchase and are warranted against any fault of manufacture or failure of materials, provided that the umbrella is used in accordance with the following conditions;

- The umbrella must be used in accordance with your local council regulations. Your umbrella meets all regulatory specifications at the time of manufacture and may not be altered or used in breach of these regulations without voiding your warranty.
- Your umbrella has been engineered to withstand wind gusts of up to 100km/h. However an umbrella erected outdoors must be secured in position by either an approved in-ground socket or where this is not possible an umbrella base designed by an engineer and fixed to the ground. It is essential that the umbrella be fastened to the socket or base plate by means of a locking device such as a padlock. Although a freestanding base can support your umbrella during calm weather or indoors, an umbrella base which is not secured cannot prevent potential damage to the umbrella or to persons or objects in the vicinity during high winds.
- During periods of extremely high winds it is recommended that your umbrella be furled (fully closed and tied) and if these high wind conditions are expected for any sustained period then the umbrella should be removed from its base and stored.
- There is no warranty intended or implied against vandalism or blatant misuse of the product.
- Note: All colours fade but some may fade more rapidly than others.

Warranty claims

Simply call our customer service line on 1 800 417 888. If approved your umbrella will be repaired free of charge

Warranty Registration

Please keep your invoice as proof of purchase for warranty purposes.
