

## WARRANTY STORM 120

Congratulations on your purchase of one of the world's highest wind rated folding umbrellas. Your umbrella has been manufactured in Australia using quality Australian workmanship and materials and should give you untroubled performance for many years. Please take the time to read the warranty conditions and recommendations for use of your umbrella.

### Warranty extent and claims

Your umbrella frame carries an unlimited warranty for ten (10) years. The gas struts for opening the umbrella carry a warranty of three (3) years and the fabric cover for three (3) years. These terms all extend from the date of purchase and all items are warranted against any fault of manufacture or failure of materials, provided that the umbrella is used in accordance with the following conditions;

- The umbrella must be used in accordance with your local council regulations. Your umbrella meets all regulatory specifications at the time of manufacture and may not be altered or used in breach of these regulations without voiding your warranty.
- Your umbrella has been engineered to withstand wind speeds of up to 120km/h. However an umbrella erected outdoors must be secured in position by either an approved in-ground socket or where this is not possible an umbrella base designed by an engineer and fixed to the ground. It is essential that the umbrella be fastened to the socket or base plate by means of a locking device such as a padlock. An unsecured umbrella cannot prevent potential damage to the umbrella or to persons or objects in the vicinity.
- During periods of extremely high winds it is recommended that your umbrella be furled (fully closed and tied) and if these high wind conditions are expected for any sustained period then the umbrella should be removed from its base and stored.
- There is no warranty intended or implied against vandalism or blatant misuse of the product

### Warranty claims

Simply call our customer service line on 1 800 417 888. If approved your umbrella will be repaired free of charge

### Warranty Registration

Please keep your invoice as proof of purchase.
